

Look into Lent

As Catholics, how often do we find ourselves staying on the surface of our faith? This Lent, we should challenge ourselves to go deeper and look closer at our faith and our parish.

Instead of looking at the big picture, go in for a close-up. Think about the symbols, shapes and colors found in the artwork of The Darby:

How do they make you think about what you believe?

Which images connect you with the love of Jesus?

What can you learn about the church from the symbols and images within our parish?

We are blessed with art and architecture as fine as anything found in museums. Our art is **alive**, though, because our parish is vibrant and working to bring the Kingdom.

This Lent let's share images of our art and architecture with as many people as possible. Let's provide an opportunity for people to look into Christ through the beauty of The Darby and our passion for the faith.

Next Sunday, before or after Mass, pull out your cellphone and take a selfie with something in the church that especially touches your heart and post it to social media — yours and the parish's. Let's make every Sunday a Darby Selfie Sunday during Lent.

Social media is a wonderful way to share our parish and our faith with people near and far. Let's look deeper into our faith this Lent and let others share the view!

Peace be with you!
