Psalm 51:12

Dear People of God,

This week will begin the formal celebration of Lent so I'm again interrupting my series on Dante's description of the levels of hell to take a look at a medicinal gift given by God to prevent our ever having to actually see if Dante was right.

Lent is the only Penitential season still celebrated during the Liturgical Year; its directives and practices are meant to be a kind of spiritual prescription against the ills of the mind and soul which lead to sin and perhaps to the down escalator. The directives are simple: Fast and abstain on the days appointed; offer extra periods of prayer and reflection; perform acts of kindness and sacrifice for those who have less. The practices are the ways and means of fulfilling the directives.

The general rule for fasting and abstaining means that on Ash Wednesday and Good Friday, we reduce the intake of food by about a third. For some of us that may mean giving up late night snacks, for others perhaps a mid-day meal but the idea is to deliberately give up some food items and offer that amount of food for the needs of the poor. As a spiritual exercise, fasting is an opportunity to replace eating with some other prayerful exercise, perhaps watching an episode of CHOSEN or tuning in to one of the thousands of great offerings on FORMED, or attending the Stations of the Cross here at the parish or somewhere which might be more convenient to work or home.

Abstaining means deliberately doing without something. As a directive it means not eating meat on the Fridays of Lent and on Ash Wednesday. As a spiritual exercise it means that famous resolution to sacrifice something we enjoy during the entire Lenten period of forty days. While many will sacrifice chocolate, that's not the real intention. Abstinence was developed as a means of supporting a large population of laborers and their families by undertaking the directive to not eat meat. The idea was to eat seafood, an industry in much of the world that was being neglected by the people who had discovered filet mignon. As a spiritual exercise we might want to consider sacrificing something by substituting for it another thing that will help some suffering industry. If we do "give up chocolate," what comparable food item should we then begin consuming to help a struggling sector of the economy? The answer requires us to do some serious research just to find a struggling sector. A year or two ago we might have decided to give up a meal at our own table to support one of many restaurants that were failing because of the Corona virus. Today finding a suitable sector could make for a real Lenten practice.

Above all, Lent is a time to hone our skills at praying, to move away from rote prayer to serious discussions with our God and that means listening as much as it does talking. Quietening our mind so that we're not distracted by the cares and worries of the day in order to open ourselves to the gentle whisper of God is really difficult but well worth the try. The great mystics all discovered that real prayer became much more powerful when they began by listening. Make the most of the opportunities presented by Lent.

Fr Chris

The Celebration of Sacraments

Infant Baptism: The Sacrament of Baptism is regularly celebrated during or after the Eucharistic Liturgy. Registered parishioners are asked to arrange for the Baptismal Preparation Class and the Liturgical Celebration by calling the Parish Office.

Rite of Christian Initiation of Adults: RCIA is the process of growing in your faith and love of God. Weekly gatherings take place from September until Easter. If you are interested in learning about Catholicism and joining us please call the church @ 419-243-1829.

Penance: The Sacrament of Penance is celebrated at 3:30 p.m. on Saturday at IC, 9:30 a.m. at HSP and 10:30 a.m. at IC every Sunday or by appointment.

Matrimony: Anyone planning to be married must contact the parish at least six months in advance. The exact date and time of your wedding should not be determined until after consultation with a priest or deacon. If either party has previously been civilly or religiously married, the Presider is not permitted to set a date for the wedding without resolving the previous marriage.

Pastoral Care of the Sick: When a parishioner is admitted to the hospital, nursing home, or confined to home because of age or infirmity, please call the Parish Office. Parishioners are ready to visit and to bring Holy Communion. When one is seriously ill, the healing Presence of the Lord should be requested in the Sacrament of the Sick.

Hello!

Welcome to Immaculate Conception, where all are truly made a welcome part of our parish family, whether in Ministry, Service, or Leadership. Here, all are God's children, their dignity as God's own affirmed and celebrated. If you are interested in becoming a parishioner, please call the parish office at (419)243-1829. You can also find registration forms for new parishioners on the visitor's stand at the back of the church or online at www.iccatdarby.org. We hope to see you again soon!

We all want to get to heaven, right?! The thought of dying is sort of hard to deal with. Our Lenten series topic is "Eternal Rest- the Art of Dying Well". Join us, if you will, for the 4 sessions of this topic. We will begin on Friday, Feb. 24th at 12:30 with a light lunch, then discussion and video, and will pray the Stations of the Cross around 2 pm. Some weeks, the school will participate in praying the stations, other weeks, it will be us. Please come join us!

On Sunday we celebrate the Baptism of some of our CCD students at the 11:00 Mass! Keep them in your prayers as they continue their journey through the sacraments.

Health News for February 19, 2023

Keep Your Eyes Healthy: Take care of your health. Protecting your overall health can go a long way toward keeping your eyes healthy! It's important to make healthy choices and take good care of yourself. Keep in mind that healthy habits like eating well and being active can lower your risk for diseases and conditions that can lead to eye or vision problems, like diabetes or high blood pressure.

Follow these tips for healthy vision:

- Eat healthy foods. Be sure to have plenty of dark, leafy greens like spinach, kale, and collard greens. Eating fish that are high in omega-3 fatty acids — like salmon, tuna, and halibut — is good for your eyes, too.
- Get active. Being physically active helps you stay healthy. It can also lower your risk of health conditions that can cause eye health or vision problems — like diabetes, high blood pressure, and high cholesterol.
- Quit smoking. Smoking isn't just bad for your lungs — it can hurt your eyes, too! Smoking increases your risk of diseases like macular degeneration and cataracts — and it can harm the optic nerve. If you're ready to quit, call 1-800-QUIT-NOW (1-800-784-8669) for free support.
